### Possession time at M3M's commercial project

M3M Group started handing over the possessions at its M3M Cosmopolitan project earlier this week. The commercial space situated at Sector 66, Gurgaon has 350 units for retail, F&B and offices. Congratulating the owners on the occasion Pankaj Bansal, Director M3M Group said, "Our association does not end here, we look forward to assist you in taking this venture forward. We are assigning a dedicated and a core team to help you get the best in business. A beginning has been made, let's together take it to unique heights." M3M Cosmopolitan offers a Los Angeles-like unique architectural plan with heat resistant glass, terrace restaurants, rich landscapes and a well-lit LED complex. It has micro climate control through shading devices and misting facilities in the walkways to provide a comfortable environment. It has F&B hotspots, with opulent landscaping, offering a delightful dining and shopping experience to people. M3M Group will be ready with a host of residential projects, which would be delivered in next six months. With an approximate two million man hours per month, an overall investment of over ₹3,000 crore and 13 million square feet of area under construction, the group is on a delivery spree and is focusing on giving possession of an approximate 2,000 units (7.5 million square feet) in five of its projects over the next six months. M3M has a total of 18 projects at different stages of development; of these 11 are residential projects and 7 commercial projects. The Group owns a huge land bank in prominent locations of Gurgaon, which it plans to develop in a phased manner.
